TERMS OF SALE

1. This is a public and mail bid auction sale. All bids must be received at our place of business on or before April 23, 1974. Bids should be made only in United States Funds. All bids are to be made by lot number as listed in this catalog. In case of tie mail bids, preference will be given to the bid with the earliest postmark. The highest mail bid for each lot will buy it, unless it is exceeded by a floor bid. The highest mail bid on each lot will be reduced to 5-10% above the second highest mail bid and then floor bids will be invited. If there is bidding from the floor, the auctioneer will bid from the "book" for the high mail bidder up to the limit of his mail bid. If there is a higher bid from the floor, then it will be sold to the floor. On this basis, it should be obvious that mail bidders should bid generously, if they are desirous of obtaining any particular lot or lots, knowing that their bids will be reduced in competition against other mail bidders, but increased up to their limit in competition with floor bidders.

2. An estimate is given for most lots. These estimates simply represent the owner's idea of the value of the item or our professional opinion as to what each lot is worth. THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER AT YOUR DISCRETION. To further clarify this, please read the "Notes to Bidders" which follow. We recommend that if you seriously want a lot, you should bid close to or over the estimate given herein.

3. Auction sales ARE NOT approval sales. Upon submitting bids you agree to abide by the Terms of Sale. Experts have described all lots; any errors made by them will be gladly corrected. Likewise, you are responsible for any errors you make. Please RECHECK your bid sheet as we cannot assume responsibility for errors in amount or lot numbers entered. Since accuracy is of prime importance, it is vital that you print clearly so that we do not misinterpret your bids. Returns can only be made with our written approval; request for such must be made within ten days of dispatch of lots by us. Floor bidders cannot return lots; they should inspect them beforehand if they so desire.

4. All successful bids must be honored in cash funds immediately upon receipt of the lots and/or invoice. Special arrangements for payment are possible if the amount involved warrants such treatment. If this is necessary, please request it before the auction, not after. BankAmericard and Mastercharge may be used to pay for successful bids, provided the purchaser agrees to pay the service charge billed to us by our bank on such transactions (3% on BankAmericard and 4% on Mastercharge).

5. Lots will be sent on open account only to customers who have established credit with us. New accounts must furnish satisfactory credit references or include a 20% deposit. New accounts requesting shipment to a post office box or to general delivery must also furnish their home or business address. Bidders who have not established credit with us will be invoiced for their successful bids; lots will be sent upon receipt of payment.

6. Postage and insurance or registration fees will be added to all invoices. (Foreign bidders should advise if special shipping instructions are necessary.)

7. Local (Houston) Sales Tax will apply in the event lots are delivered "on the floor". Lots shipped from our offices in San Antonio are subject to 5% Sales Tax chargeable to San Antonio residents and 4% Sales Tax chargeable to Texas residents outside San Antonio. Texas dealers may deduct the sales tax if they include their exemption number on their bid sheet.

8. Title to all lots will remain with Almanzar's until paid in full. All items are guaranteed to be authentic (unless otherwise indicated) and to be as listed. Furthermore, the cataloguer reserves the right to refuse ridiculously low bids.

ALL LOTS IN THIS AUCTION WILL BE AVAILABLE FOR INSPECTION IN THE BOURSE ROOM, TEXAS NUMISMATIC ASSOCIATION CONVENTION, RICE HOTEL, HOUSTON, TEXAS ON THE FOLLOWING DATES AND TIMES:

FRIDAY, APRIL 26, 1974	10:00 A.M. TO 5:00 P.M.
SATURDAY, APRIL 27, 1974	10:00 A.M. TO 6:30 P.M.

ANYONE DESIRING TO INSPECT LOTS PRIOR TO THESE DATES, BUT NO LATER THAN APRIL 23, 1974, MAY DO SO AT OUR OFFICES BY APPOINTMENT ONLY.

AUCTION SESSIONS WILL BE CONDUCTED AS FOLLOWS:

FIRST SESSION:	FRIDAY, APRIL 26, 1974, 5:30 P.M. LOTS 1 thru 711
SECOND SESSION:	SATURDAY, APRIL 27, 1974, 7:00 P.M. LOTS 712 thru 1313

IMPORTANT NOTES FOR ALL BIDDERS

We anticipate that over two-thirds of all lots in this auction will be sold to mail bidders. This is an unusually high percentage and may be an important consideration when you decide on your bids. We would expect that the wise buyer will submit numerous bids, all at levels commensurate with his idea of the value of each lot. On items that he really wants badly, the serious mail bidder will bid well above the top estimate, recognizing that his bid will be reduced to just above the second highest mail bid but also realizing that he may be in competition with seriously interested floor bidders and that the cataloguer will bid for him against floor bids up to the top limit of his mail bids.

On lots in which the mail bidder is definitely interested, albeit not ecstatic, he should bid very close to the estimate with his exact bid being determined by his own knowledge and desires. On lots of only marginal interest, the mail bidder may wish to bid at what he considers to be wholesale level.

In those sections which show a price range for an estimate, the low figure represents a wholesale evaluation, while the high figure indicates what a serious specialist would gladly pay for the lot. Bids less than the lower of the two figures will most likely be unsuccessful; bids above the higher figure will most likely be successful and will most likely be reduced as outlined above (see also paragraph 1 of TERMS OF SALE).

In those sections where only one estimate is given, that estimate is what we believe a fair retail price to be. The estimates in such sections are based on our experience with the particular item; in cases where we may have never previously handled that particular item or items, the estimate may be too high or too low. Generally speaking, our estimates should serve as useful guides, but all bidders should use their own knowledge and experience as the final tools to determine their bids.

Mail bidders must necessarily consider the popularity of a series or a particular item when deciding on their bids for items they seriously desire. We make the following suggestions to all bidders:

(1) Bid what you wish on each item, but keep the estimate in mind lest you waste your opportunity to acquire an item you particularly desire.

(2) Bid the maximum mail bid you would pay for the lot, recognizing that if your bid is high, relative to other mail bids, your bid will be reduced in accordance with paragraph 1 of TERMS OF SALE.

(3) Try to attend the auction in person if at all possible.

Requests for additional information, confirmation of the grade, date, mint mark, etc., of any particular items, or any similar individual questions are welcome and will be answered as expeditiously and promptly as possible.

An attempt by Peru to invade Bolivia and annex the rich province of La Paz failed, resulting in the killing of General Gamarra and the routing of his troops. This was the only battle won by Bolivia in the war with Peru. This medal is thought to be 1 of 4 or 5 issued to high ranking generals. It may at first appear that this medal has been reworked or tooled; however, its crude appearance must be owed to the fact that they were handmade. In as much as the one illustrated in Babin's book has a very similar appearance, the only exception is that the clasp has a different style. 18 de Noviembre de 1841. 29mm, VF, RRR 200-300.00

Although many of the above listed Bolivian pieces are considered coins, we are listing them in tne Medals section. In the catalog of Vol. 2 of the Virgil Brand auction, Hans M.F. Schulman editorialized that the 8,4,2, and 1 Commemorative Soles of Bolivia are coins, not medals, and they are all very rare. Fonrobert in 1878 in Berlin described all these pieces as coins and states that they were used as such. Beyond documentation available, (much of which is in Spanish), many of the pieces are found to be extremely worn and holed. After considering the above and discussing these pieces with many advanced South American numismatists, particularly in Colombia and Argentina, the cataloguer would like to unite with many others in this opinion that they indeed circulated as coins.

*0422	Costa Rica 4 Real--6-pointed star w/9mm hole. The star emblem represented the new Costa Rican Coat of Arms and was used to authorize the continued circulation of foreign silver. The 4 Real coin of this series is of excessive rarity and we are unable to trace any record of previous sale. The coin is catalogued by Holland Wallace in his incomparable book on Central American coinage; also listed in the Gurdian book on Costa Rica. We suspect this coin is missing from nearly all advanced collections of Latin American coinage. In fact, we do not know of a 2nd specimen. The coin appears to have been worn on the chest by a chieftain or Spanish conqueror. Thus the tiny holes at 9,12, and 3 o'clock. VF. RRRR	500.00

*0710	Heiss #8, plate 143 of Vol. II. Copper. 3 Cagliaresi. Charles II. Very Fine, Very Rare	-----

*0711 A museum set of 4 coins of Charles II of Spain, struck in Spanish Sardinia at the Cagliari mint. Denomination of 1R dated 1698, Heiss #6; 2 1/2 R dated 1695, Heiss #5; 5 R dated 1674, Heiss #3; 10R dated 1684, Heiss #1. They are pictured on plate 143 in Vol. II of A. Heiss' book on Spanish coinage since the Moorish invasion, text pg. 425-27. No previous record of sale can be obtained for this set. We would estimate scale of rarity from R3 to R6. For example, a 5R piece which appears to have been struck from the same dies is illustrated in Bru and designated as R3. Almanzar's proudly presents this set as an example of a kind of numismatic material seldom offered anywhere. The coins are in Extra Fine condition. We estimate the set to bring $2,000.00+.

FOR THE VARIETY COLLECTOR, we recommend this as a real fun section of this auction catalog. The original owner of this collection, a highly experienced world-renown collector (whose name we prefer not to disclose), went as far as specializing in collecting varieties of interesting counterstamps, the variety being determined by the position of the counterstamp in relation to the counterstamped coin. In one variety, the dates coincide, in the other, the dates are on opposite sides of the coin. Please note the high caliber of grades.

An invitation is extended to anyone attending the Texas Numismatic Association Convention to attend the program presented by the Maximilian Numismatic Historical Society and the Texas Numismatic Association. Guest speaker will be Gene Plentl of Houston. He will speak on the life of Adolph Plentl, a member of Maximilian's Military Band. The program will be held on Saturday, April 27, 1974, at 5 P.M. at the Rice Hotel (room location will be announced in Convention Program and on convention floor). Several door prizes will be given, amongst which will be a Maximilian silver medal (.900 fine) in mint condition. Exhibits on the memorabilia of Adolph Plentl and Maximilian Numismatics will also be on display.
